

Hatch Onsite Professional Development Solutions

Here at Hatch, we're dedicated to providing a complete education experience for our customers and the children that they teach. We offer onsite professional development solutions for teachers and administrators, new and returning, to enhance their skills and knowledge.

Full Day

Onsite Professional Development Session: SKU 700300

A Hatch certified consultant will arrive at your site to provide one full day or two half-day hands-on training sessions for teachers and/or administrators (maximum of 8 hours onsite, same building). Hatch Consultants have seen technology implemented in thousands of different classrooms and bring this expertise and experience right to you. Trainings are provided for new and returning teachers and administrators. Can be used to train teachers and administrators not already trained, or to explore more advanced topics.

Additional Half Day

Onsite Professional Development Session: SKU 700301

A Hatch certified consultant will provide an additional half-day of hands-on training for teachers and/or administrators either the day before or the day after the initial onsite professional development session. Product trainings are provided for new and returning teachers and administrators (maximum of 4 hours onsite). Additional day of training delivered adjoining Full Day session (SKU: 700300)

Additional Full Day

Onsite Professional Development Session: SKU 700302

A Hatch certified consultant will remain at your site to provide an additional full day of training the day after the initial onsite professional development session. The additional day will include two half-day trainings of your choosing for teachers and/or administrators (maximum of 8 hours onsite). Product trainings are provided for new and returning teachers and administrators. Add-on Additional Day – Additional day(s) of training delivered adjoining Full Day session (SKU: 700300)
